Download ilomilo for Windows Phone 10 1.0. 0 for Windows Phone 10 free. ilomilo (4).Voice recognition applications are known in the art. Typically, a user would initiate a voice command and the voice recognition application would attempt to identify the word or phrase. If the word or phrase is recognized, the user would be able to control some function in a computer system or device associated with the voice recognition application. However, currently, these systems are unable to discern
